ABOUT:

Like a stream, Davenport's work for large concert band is flowing and continuous. With its constant building and gentle finish, it paints an elegant picture of the forces that drive people together.

FROM THE COMPOSER:

Flowing and continuous, an ever going thread that links the unsuspecting lives of two people together forever. The true divinity of a stream that flows around the planet. Like the water and streams that have connected people to one another for centuries, this piece serves as reflective depiction on just how we can be lead to discover some of the most important people in our lives.
