About:

Maxim Berezovsky is one of the earliest known composers to originate from Ukraine. His "Symphony in C" is beautiful, powerful, and an excellent addition to orchestral repertoire.

This arrangement of the first movement, "Allegro molto", is true to the original and is as enjoyable to listen to as it is to play. It has many moments of teaching points for your ensemble too, as everyone gets an opportunity to play the melody, some interesting countermelodies, and blended harmonies.

This is an excellent choice to program for your next concert!
